

## Rich History

With a heritage stretching back to 1879, Fulham Football Club and its Craven Cottage ground are steeped in football history. The stadium is a mix of the old and the new and features the Grade 2 listed Johnny Haynes stand, the famous Cottage and recent additions such as the fully refurbished Putney End and George Cohen statue, unveiled in the autumn of 2016.

## Teamwork

CleanEvent Services has proudly provided Fulham Football Club with cleaning, waste management and housekeeping services since 2006. Our service provision includes the extended and upgraded Motspur Park Training Centre in Surrey, which was officially opened on 25th November 2016. All of our operations across the club facilities are run by long-serving Venue Cleaning Manager, Pawel Bis. Pawel puts teamwork at the heart of the cleaning operation and works diligently with his team to ensure that all day to day requirements and match day planning, client liaison and service delivery standards are met in full. The CleanEvent Services team has won numerous awards for their work at Fulham F.C. and have had their efforts recently featured in the official match day club programme.

## Rapid Response

The busy schedule of the Sky Bet Championship means that the CleanEvent Services Fulham FC team is called upon to return the stadium to full operational readiness within 24 hours of the final whistle. The much used hospitality areas and meeting space at the Cottage are swiftly turned round by the cleaning staff, providing Fulham FC with improved revenue generation opportunities.
